CordialChart Pricing

Simple, one-time, per-student pricing with no expiration. Teachers and preceptors are always free. A program can pay, or students can pay for themselves.

Per student

Level	Base (1 to 9)	10+ (5% off)	25+ (10% off)	50+ (15% off)	75+ (20% off)	100+ (25% off)
EMR	$24	$22.80	$21.60	$20.40	$19.20	$18.00
EMT	$29	$27.55	$26.10	$24.65	$23.20	$21.75
AEMT	$58	$55.10	$52.20	$49.30	$46.40	$43.50
Paramedic	$79	$75.05	$71.10	$67.15	$63.20	$59.25

A tier applies to all seats bought at that quantity. You do not have to buy a whole cohort at once; seats are added as students enroll, and the price steps down as the count grows.

How a level grows with the student

A level unlocks the tracking and charting depth it needs, so an EMR is not buried in ALS fields and a paramedic is not missing them. When a student advances, they unlock the next level on the same account and keep all of their history. That is why the levels are priced differently: scope grows with the certification.

Why it costs less than the alternatives

CordialChart undercuts FISDAP and Platinum Planner at every level, and adds volume discounts that neither offers. The goal is a tracker a program can actually afford across a whole cohort, not a per-seat bill that makes you ration access.

Institutional invoicing (optional)

Programs that prefer to be billed rather than pay by card up front can turn on invoicing, gated by a signed invoicing agreement: - Net 30 terms, with a 30-day grace period. - Interest begins only after 15 days late, at the standard late rate. - Access is suspended at 60 days past due, with all data preserved and restored on payment. - Accounts over 90 days past due may be referred for collection, with the program responsible for the costs of collection.

Pilots and coupons

Comped pilot seats and coupon codes are available for programs evaluating CordialChart. Ask about a pilot for your next cohort.
